# LIVE WATER TECHNOLOGY

## Redefining the Future of Water

At HOOWELL, water is not just purified — it is transformed. Through advanced ionization technology, we recreate water in its most natural, balanced, and life-supporting form.

HOOWELL Live Water Generators are designed with scientific precision, combining electrolysis, mineral balance, and molecular restructuring to deliver water that supports vitality, performance, and long-term wellbeing.

Every HOOWELL system reflects architectural clarity, engineering excellence, and uncompromising quality — where technology meets nature in perfect equilibrium.

*Pure Design. Intelligent Engineering. Living Water.*

PREMIUM COLLECTION 2026

# HOOWELL HYDROPOD: THE GOLD STANDARD OF MOLECULAR HYDRATION

## The Intersection of Scientific Precision and Luxury Lifestyle

HOOWELL HYDROPOD redefines molecular hydration, offering an unparalleled intersection of cutting-edge science and sophisticated luxury. Designed for discerning individuals who seek the ultimate in health and wellness, the HYDROPOD employs advanced technology to produce pure, life-enhancing hydrogen water. Beyond hydration, it symbolizes a commitment to peak performance, vitality, and the gold standard of water quality for a luxurious lifestyle.

## SPE & PEM Technology: The Science of Pure Hydrogen

At the core of HOOWELL HYDROPOD is a cutting-edge synergy of SPE (Solid Polymer Electrolysis) and PEM (Proton Exchange Membrane) technology. This advanced dual-stage process efficiently separates hydrogen and oxygen, producing water that is ultra-rich in pure hydrogen gas. The result is antioxidant-rich water that supports cellular health, enhances energy levels, and promotes recovery with scientific precision and technological finesse.

# HYDROPOD™ WATER IONIZER

*Pure Water. Modern Life.*

## Why Hydropod™?

### Advanced Ionization Technology

Transforms ordinary water into ionized, refreshed drinking water with a single touch.

### Portable & Rechargeable

Enjoy ionized water at home, outdoors, or while traveling—no installation required.

### LED Status Illumination

Elegant blue LED lighting visually confirms active ionization.

### Premium Materials

Crafted with high-quality, food-safe components for daily and long-term use.

### Lifestyle Ready

From modern kitchens to cozy fireplaces, Hydropod™ fits seamlessly into your life.

## One Button. One Bottle. Better Water.

Hydropod™ empowers you to take control of your hydration—simply, safely, and stylishly.

# WHY MOLECULAR HYDROGEN? THE CELLULAR REVOLUTION

---

- **Selective Antioxidant Power**

Molecular hydrogen selectively neutralizes harmful free radicals without affecting essential oxidative processes.

- **Anti-Inflammatory Excellence**

It reduces inflammation at a cellular level, aiding in recovery and supporting overall health.

- **Metabolic Optimization**

Molecular hydrogen enhances energy metabolism, improving athletic performance and supporting metabolic health.

---

## DESIGN EXCELLENCE: GOLD EDITION

- **Luxurious Gold Accents**

Accentuated by subtle 24k gold trim: for a distinguished look.

- **Premium Materials**

Crafted from high-quality stainless steel and glass.

- **Intelligent Functionality**

Precision engineering, and smart functions in a refined package.

# HOW TO EXPERIENCE HOOWELL

---

## Ⓐ Book a Personalized Consultation

Speak with our team of hydration experts for personalized advice tailored to your lifestyle and health goals.

## Ⓑ Visit a HOOWELL Experience Center

Explore our technology firsthand at one of our state-of-the-art experience centers to see the HOOWELL difference up close.

## Ⓒ Elite Home Installation Service

Experience white-glove delivery and professional installation service for seamless integration into your home.

## BRAND PHILOSOPHY & VISION

At HOOWELL, we believe that water should do more than simply hydrate.

In a world shaped by fast-paced living, environmental stress, and aging populations, HOOWELL is committed to redefining water as a daily wellness companion.

Our philosophy is built on the idea that **functional water** can support balance, vitality, and long-term well-being when guided by responsible technology and scientific insight.

HOOWELL systems are designed not as **medical devices**, but as **advanced lifestyle solutions** that elevate everyday hydration into a conscious wellness choice.

### — WHY HOOWELL? —

#### FUNCTIONAL SOLUTIONS

Next-generation water systems tailored to contemporary needs—where convenience, performance, and health awareness intersect.

#### CELLULAR BALANCE

Special emphasis on supporting healthy aging processes, promoting cellular balance, and enhancing daily vitality.

#### SCIENCE & TECHNOLOGY

The intersection of advanced alkaline technology, molecular hydrogen enrichment, and user-focused design.

### — A RESPONSIBLE APPROACH TO WELLNESS —

HOOWELL does not make medical claims.

Instead, the brand embraces a **science-informed**, responsibility-driven approach—focusing on wellness support, hydration quality, and lifestyle enhancement based on emerging research and technological progress.

### — OUR VISION —

To become a globally trusted brand in **alkaline** and hydrogen-rich water systems—supporting healthier lifestyles, conscious hydration, and modern wellness culture across homes, wellness centers, **pharmacies**, and premium retail spaces worldwide.

# THE UNSEEN REVOLUTION

## HOOWELL UNDER-COUNTER SERIES: THE UNSEEN REVOLUTION IN HYDRATION

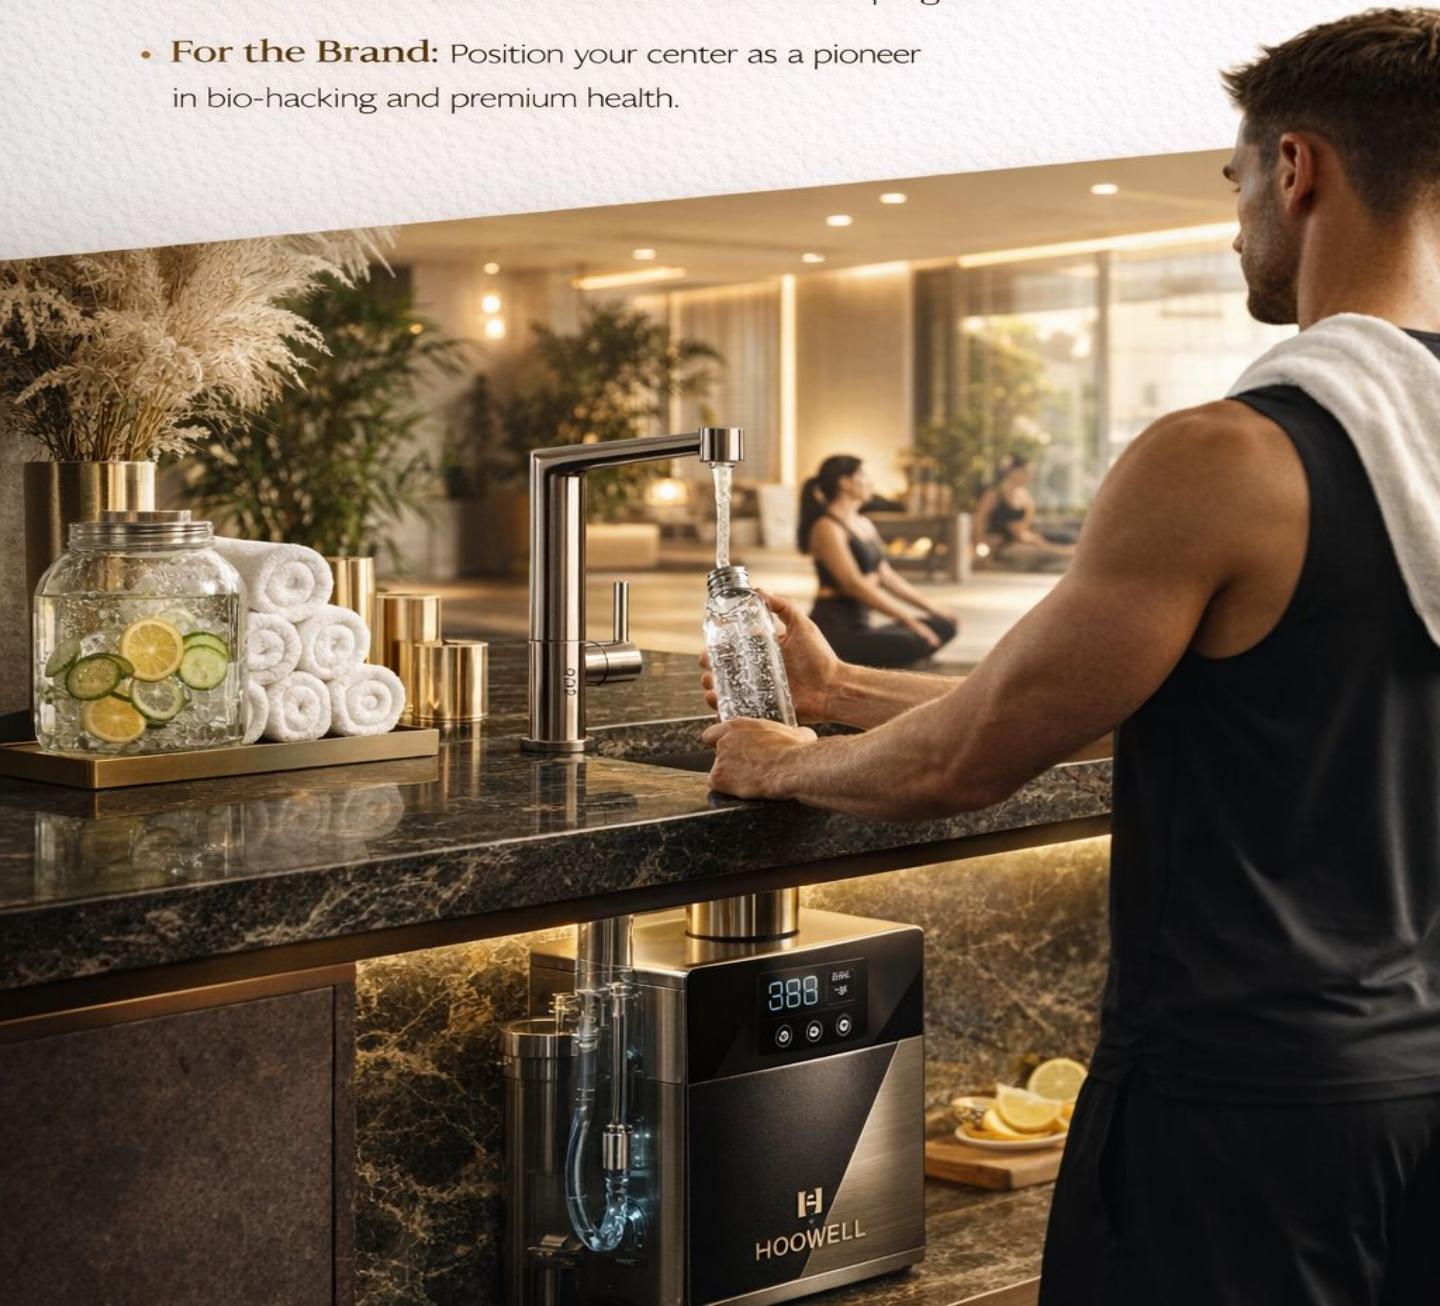

Professional water ionization is no longer a countertop distraction, it is a seamless integration of health into your infrastructure. The Hoowell Under-Counter System provides high-capacity, medical-grade hydrogen and alkaline water while remaining completely invisible to the eye. Designed for environments where performance meets aesthetics, it is the ultimate solution for high-demand hydration needs — effortlessly.

# FUELING PERFORMANCE: THE WELLNESS CENTER STANDARD

For fitness clubs, yoga studios, and detox centers, water is the primary tool for recovery. Hoowell provides superior hydration that neutralizes lactic acid and replenishes cellular energy faster than any bottled water.

- **For Athletes:** Immediate pH balance and antioxidant support.
- **For Wellness:** Enhances the effects of detox programs.
- **For the Brand:** Position your center as a pioneer in bio-hacking and premium health.

# INVESTING IN VITALITY

## CORPORATE WELLNESS: HEALTH AS A STRATEGIC ASSET

Forward-thinking companies know that employee health is their greatest investment. The Hoowell system is designed for SMEs and large corporations that prioritize their workforce's vitality.

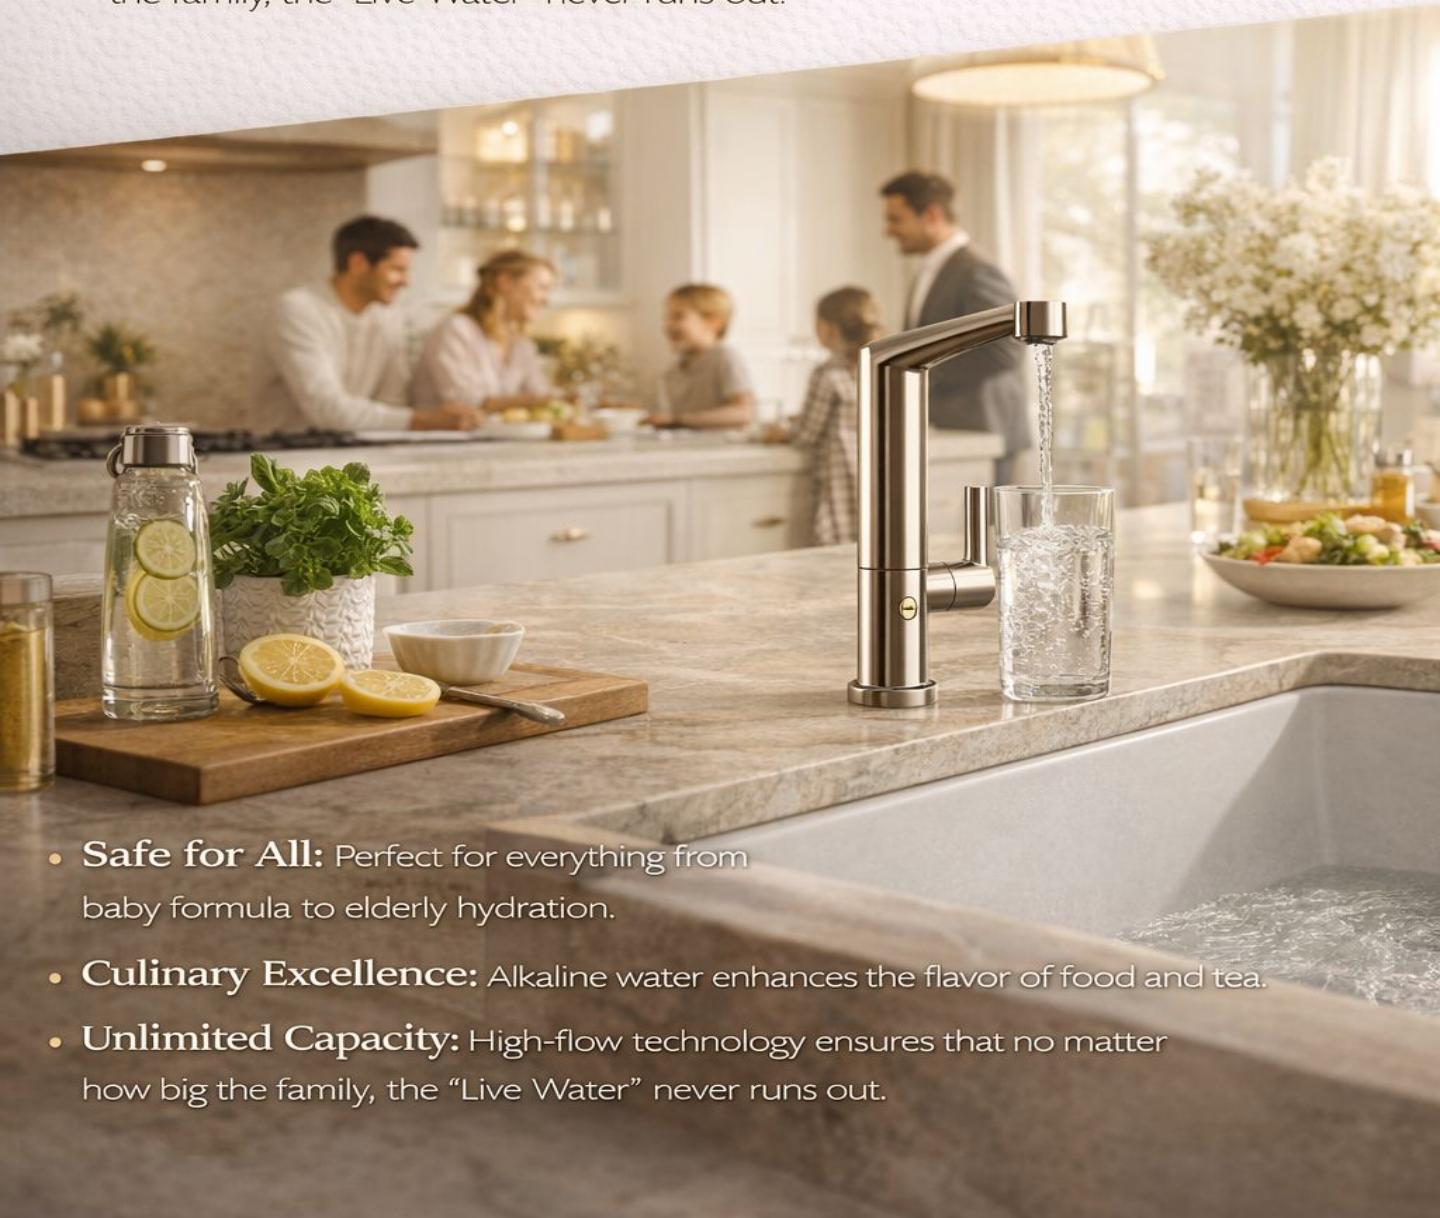

- **Cognitive Focus:** Hydrogen-rich water supports mental clarity and reduces fatigue.
- **Sustainability:** Eliminates single-use plastic bottles in the workplace.
- **ESG Commitment:** A tangible demonstration of corporate responsibility towards personnel health and environmental preservation.

# BEYOND HYDRATION: THE HEART OF THE LARGE FAMILY HOME

For large families, the demand for pure, safe, and healthy water is constant. Hoowell offers an endless supply of ionized water that caters to every generation.

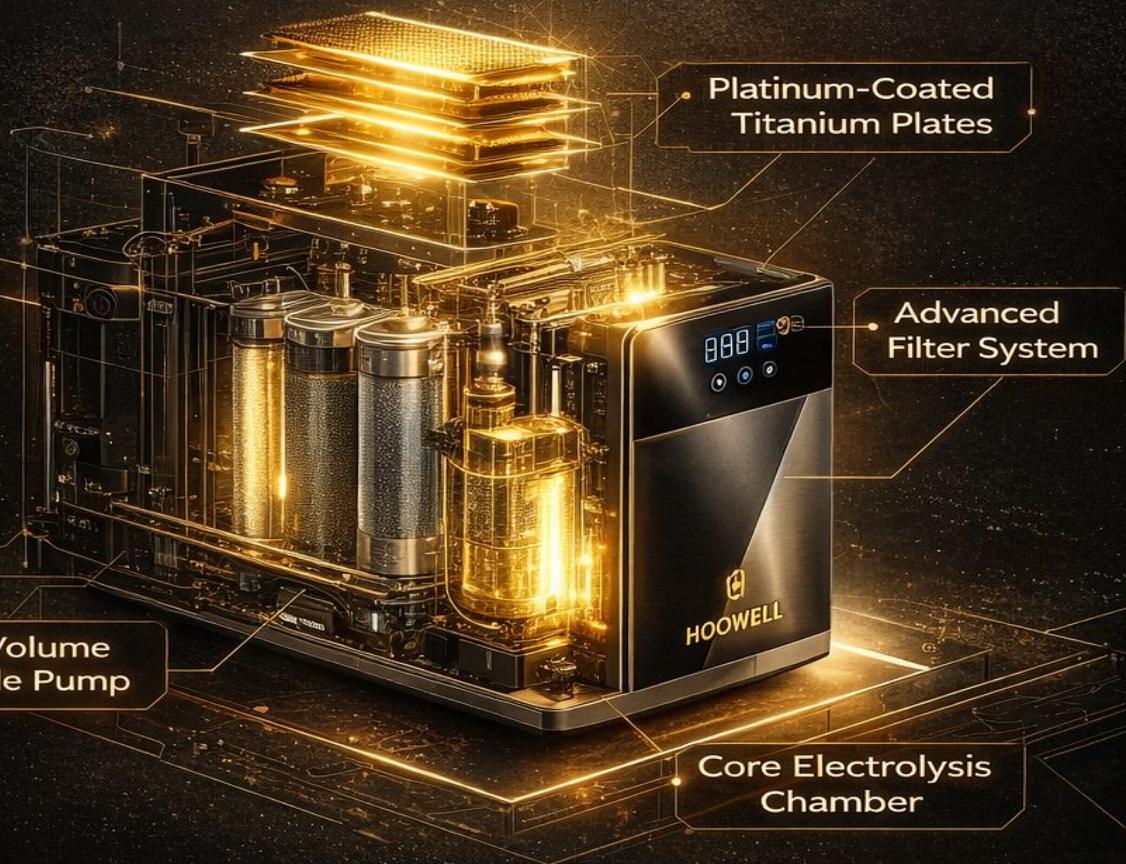

- **Safe for All:** Perfect for everything from baby formula to elderly hydration.
- **Culinary Excellence:** Alkaline water enhances the flavor of food and tea.
- **Unlimited Capacity:** High-flow technology ensures that no matter how big the family, the “Live Water” never runs out.

- **Safe for All:** Perfect for everything from baby formula to elderly hydration.
- **Culinary Excellence:** Alkaline water enhances the flavor of food and tea.
- **Unlimited Capacity:** High-flow technology ensures that no matter how big the family, the “Live Water” never runs out.

# ENGINEERING THE FUTURE: TECHNICAL SPECIFICATIONS

- **Multi-Stage Electrolysis:** High-performance platinum-coated titanium plates.
- **Smart Filtration:** Removes microplastics, chlorine, and heavy metals while preserving vital minerals.
- **Versatility:** Adjustable pH levels from 3.5 to 10.5 for drinking, hygiene, and culinary use.
- **Durability:** Built for high-volume commercial and domestic usage.
